

# Rallye de Charlevoix 2018

## Supplementary Regulations

Revision: October 04, 2018

Welcome to the 2018 edition of the Rallye de Charlevoix, an event that is not to be missed, and one that is much loved due to our beautiful region. The organizing committee as well as its volunteers make every effort to improve the event year-on-year. Your comments and suggestions are key for enabling us to make any necessary improvements and new ideas are always welcome. Without your participation, we could not continue to put on our event, much less, have the success we've enjoyed each year. It should not be forgotten that organizing a rally in a small region like this provides limited options for event infrastructures, thus we ask for your patience and we assure you that the whole team is doing its best to ensure your satisfaction.

The 2018 Rallye de Charlevoix program will begin on Thursday October 18th with a happy hour at the Casino de Charlevoix located at 183 rue Richelieu in La Malbaie where your rally cars will be placed on display. There will be an open test session on Friday October 19<sup>th</sup> from 7:00am to 10:00am for CAD-175\$. For this, we will be using a portion of the La Pax stage. Regarding the Clermont downtown stage, this will still be used, including its jump. As such, the Clermont stage will start on asphalt, continue on gravel, and then finish on asphalt. We will be also returning this year with a second stage on asphalt in the town of La Malbaie.

Dinner will be served under a marquee located in the P4 parking zone of Manoir Richelieu. Food Trucks will be on the site to close this wonderful weekend. I recommend choosing your lodging from the options listed in this document, as these are the establishments that provide financial support to the event. When making your reservation, please mention that your stay will be related to the Rallye de Charlevoix. Also, the McDonald's restaurant in La Malbaie will be one of our partners and will offer drivers and co-drivers a 50% discount on the trios of their choice via the coupons that will be provided in the registration envelope. We therefore encourage you to visit this establishment during your stay in the Charlevoix region.

Finally, I wish you a great rally and hope that you really enjoy yourself! Be careful! Your participation is essential to our event, as without you, there would be no rally. Enjoy this edition of the rally to its fullest, since as you know, each year we must persevere to continue holding the event. We hope that the 2018 edition will live up to your expectations.

Thank you very much.

Samuel Tremblay  
Coordinator, Rallye de Charlevoix

### **13. Eligibility**

## 14. Timing and Scoring

Timing, Controls and Scoring will be as per NRR sections 15, 16 and 17. Time cards will be used. At the controls identified in the route book, competitors will give the marshal the time card and will then use the next one. All times given will be elapsed times. To calculate the time out at the end of a special stage, the competitors will use the “long” time, unless the time spent in the stage is greater than the long time. In that case, the competitor will use the time at the stage finish in hours and minutes.

## 15. Chicane Penalties (if applicable)

The penalties listed per RNR.17.2 will be replaced with a penalty of thirty (30) seconds for each chicane element that is displaced or knocked-down. Additionally, short-cutting a chicane will carry a penalty of one (1) minute. Short-cutting is defined as traversing the chicane using a route other than that which is envisioned by the organizer and/or not keeping at least two wheels on the road surface at all times.

## **16. Judges of Fact**

The following people are considered judges of fact (RNR 6.3): the officials defined in article 6.1.1 of the National Sporting Regulations, the CARS officials identified in article 6.1.2, stage start marshals as well as those positioned at observation points along the route. The facts that may be judged are arrival times in the starting area of a special stage, early ('jumped') start of a special stage, the speed recorded with a radar gun, safety belts, windows, helmets, illegal service, backing up in a control area, improper use of or failure to use safety warning signals (triangles), and chicanes as detailed in article 6.3.2 of the RNR.

## **17. Advertising on cars**

Competition numbers as well as organizer-provided advertising must be affixed to competing cars under pain of exclusion.

## **18. Refueling and Servicing**

The service book allows service planning. It includes, in addition to the routes between service points:

1. A table indicating the total distance covered and the distance covered on special stages prior to each planned refuel and service stop.

- d) The rally will use a refuelling zone located adjacent to the service area.
- e) Each team must place a tarp under their rally car in the service area.

- h) **Warning:** Winter tires are recommended for all vehicles used during reconnaissance and it is also recommended each team bring winter tires for its competition vehicle. In the case of snow, cars not fitted with winter tires will not be allowed on reconnaissance.
- i)
1. The maximum lateness (NRR 15.5.5) will be 15 minutes at a control
  2. Provisional results (NRR 20.1.) will be posted at least 15 minutes after the arrival of the last competitor.
  3. The period to file a protest (NSR 8.2, NRR 23.2) will be 15 minutes in duration.
- j) It is mandatory for trailers to be parked at the location specified by the rally organizers (**Garage Solugaz**). Please mention at registration if you plan to park your trailer at Garage Solugaz and provide your name and a phone number where you can be reached at any time. This will help us manage the lot's gate which will be locked at all times. The person that is responsible for locking and unlocking the gate will not be at the event, so please contact them in advance to gain access your trailer.

k) Please do not forget to choose your technical inspection appointment time along with your desired service area space(s) (these should be indicated on your entry form). **You may choose one or two service area spaces according to your required footprint (each space measures 30 ft. x 30 ft.).**
